**LETTER OF COMPLIANCE**  
**For**  
**LETTER OF DEFICIENCY**  
**ARD No. 2002-004**

Dear Mr. Valade:

The New Hampshire Department of Environmental Services, Air Resources Division ("DES"), has reviewed the actions taken by the New Hampshire Hospital in response to Letter of Deficiency ARD No. 2002-004 ("LOD"). DES has determined that the specific issues addressed in the LOD have been resolved in a manner consistent with the NH Admin. Rules Env-A 100 *et seq.*, NH Rules Governing the Control of Air Pollution. Based upon a determination by DES that compliance with the LOD has been achieved, DES issues this Letter of Compliance.

Please be advised that DES will continue to monitor the compliance status of the New Hampshire Hospital. This letter does not provide relief against any existing or future violations, and refers only to the compliance issues addressed in the LOD. It is important that the New Hampshire Hospital be aware of and complies with the requirements of State Operating Permit FP-S-0058 ("the Permit") issued to the New Hampshire Hospital on May 7, 2004. Please feel free to contact DES should you have any questions regarding compliance with the terms and conditions of the Permit.

DES recognizes the efforts that the New Hampshire Hospital has taken to come into compliance. If you have any questions regarding this Letter of Compliance, please contact Mary Ruel, Compliance Bureau, Air Resources Division, at (603) 271-6795. Thank you for your cooperation.

Sincerely,
